Warm Up 3.9.1

1. Find the three arithmetic means between -2 and 12

| Term #	1	2	3	4	5
Value	-2				12

2. Find the missing terms in the geometric sequence below

Term #	1	2	3	4	5	6
Value	5					160

3. Find the five geometric means between 3 and 192

4. Use the sequence from #3 to answer the questions below:

   a. Write a recursive function

   b. Write an explicit function

   c. Graph the sequence on the coordinate grid
